Folsom Robotics Team Secures Third World Championship Qualification

Team Juice 16236 becomes one of the first non-Bay Area NorCal teams to qualify for the World Championships three times.

Folsom, California – Team Juice 16236 has qualified for the prestigious FIRST Championships in Houston, Texas, following a standout performance at the Northern California Regional Championship. As a Divisional Finalist and 3rd Place Reach Award winner, the team is the only program outside Silicon Valley to represent the region on the global stage this season.

As 2x NorCal Champions, Team Juice holds a perfect playoff qualification record in Northern California since its inception, including a Regional Championship win during its rookie year. Most recently, the team reached the elite level of World Division Finalist, ranking them 9th out of 7000+ teams in the world, among the top tier of international robotics programs.

Local businesses and individual sponsors are invited to support the team's journey. For more information or to contribute, please visit juicerobotics.org/sponsors or contact Siddharth Ray at ftcteam16236@gmail.com.

Ends

About Us: Team Juice 16236 is a Folsom-based competitive robotics team for grades 8-12. Founded in 2019, the team operates under Silent Bot Deadly STEM Education Inc., a 501(c)(3) non-profit.

Notes to Editors:
